Meetings.

Streaming.

Recording.

Teaching.

Creating.

If your life happens through a screen, we have a webcam that belongs right in.

FINGERS Hi-Res 2K is a True 2K QHD webcam with wide-angle, auto-focusing, mic-packed, built for people who want to be seen and heard, CLEARLY.

Sharper video. Cleaner audio. Better clarity. Wider frame.
Everything that makes a great webcam is right here.

Plug it in. Flip it open. Glow up instantly.

One Webcam. Three Upgrades.

Look Sharper.

Sound Clearer.

Auto-Focus.

Look Sharper

Your screen is your first impression.
Make it count.

You've sat through enough pixelated, laggy, "can you turn your camera on" calls to know what bad video costs you.

Credibility. Attention. The deal.

FINGERS Hi-Res 2K changes that the moment you plug it in. Crystal clear, wide, steady, and sharp in every light condition. This is what showing up on screen is supposed to look like.

True 2K QHD resolution

up to 2592 x 1944

Beyond Full HD. Sharper. Premium.

Built-in Auto-Focus

Keeps you sharp and in focus,
even as you move naturally.

75° distortion-free wide-angle lens

Your space, naturally framed.

Advanced H.264 video compression

for smoother video transmission.

Smooth 360° rotation

for effortless positioning
and framing.

Protected lens design

for dust resistance.
Stays sharp for the long haul.

One Webcam. Three Upgrades.

Look Sharper.

Sound Clearer.

Auto-Focus.

Sound Clearer

Be heard the first time. Every time.

Bad audio kills momentum. Built-in high quality mic on the Hi-Res 2K captures your voice the way it deserves to be heard.

Clean, close, natural and clear, all without a single extra wire.

Integrated high-quality microphone
for clear, confident voice capture

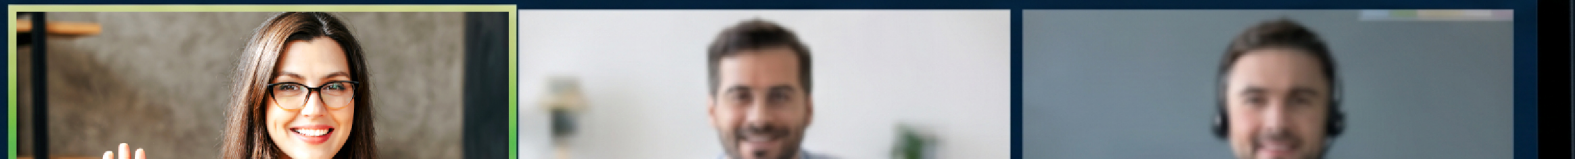

Clear Voice Capture
for Calls, Streaming & Recording

One Webcam. Three Upgrades.

Auto-Focus.

Focus Smarter.

Because your webcam should keep up with you.

You move. You present. You collaborate. Your webcam should adapt just as effortlessly. Powered by intelligent Auto Focus technology, FINGERS Hi-Res 2K **continuously fine-tunes focus** to keep every frame sharp and natural. So whether you're leaning in, stepping back or sharing your next big idea, you'll always look your best.

No manual adjustments. No blurry moments. Just clear, detailed visuals that keep the spotlight on you.
